

Discover Laser Therapy

A full day seminar
with Dr. Debbie Gross-Saunders, DPT, MSPT, OCS, CCRP

Wouldn't you like to learn:

**The latest Laser Therapy Applications?
To be more effective using your laser?
How to integrate Laser into your practice?**

Join us for a thought provoking and educationally enriching day!

This is a rare chance to spend a day with renowned physical therapist and author Debbie Gross Saunders. Drawing on her years of experience, she will teach you about exciting new laser therapy applications, and share her strategies for how to be a more successful laser therapist. Followed by a hands-on laser lab with canine patients, attendees will immediately be able to apply what they have learned.

Who Should Attend?

This seminar is ideal for practitioners and staff who want to improve their laser techniques, and for those looking to add this exciting modality. Seminar attendees will bring their own wealth of experience to share, and combined with an instructor of this caliber, this promises to be a day to remember!
